Design your life

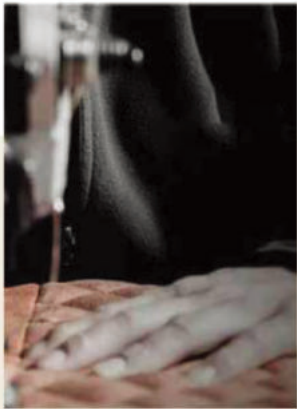

NEW COLLECTION

NEW COLLECTION
REDEFINED ORIGINALITY AND STYLE
TO CREATE ENVIRONMENTS
A SINCERE AND TIMELESS SOUL.

As in the past, through the relationship between place and art is still present today, all kinds of objects belonging to the visual world have become a part of art and place. Aesthetics includes not only the beauty in art, but also the beauty in your living place.

HIGH TECHNOLOGY IN ALL PRODUCTION AREAS

Comfort & Quality

A special skeleton designed with static engineering calculations in the computer environment, cut in CNC machines and formed in accordance with world standards, all with contra fit and glue.
In order to provide the most comfortable and long-lasting sitting, high quality elastic column produced with the best technology and standard quality, high-density, appropriately soft sponge that has passed long-term tests.
Tightly woven, robust and durable fabric against wear and fading.
Well-designed, long-tested functional mechanisms.

A NEW STORY; NEW YORK

As much as it admires with its aesthetic stance a functional design with a modular structure.

PERSONAL AND UNIQUE DESIGN

The comfort that comes with ergonomics will make you feel special.

The headrest mechanism that makes your neck comfortable, the foldable backs that expand your sitting area and offer the comfort of being used as a bed when necessary, the stylish metal legs and the quilting workmanship on the arms that add a classic elegance to the new generation armchairs inspire the understanding of modern sofas.
